

Is your research tool flexible enough?

The **Legal Research Advisory Package** offers you the flexibility to select quality online research products relevant to the requirements of your firm.

With the demands of a challenging and regulated business environment, rapid and easy access to legal information is increasingly important. LexisNexis® can tailor a package to meet your needs and budget.

Our solutions impact productivity and efficiency, reduce outsourcing costs and manage legal risk.

The **Legal Research Advisory Package** is a flexible, high value research solution to meet your firm's needs and budget. At the heart of the package is **LexisNexis Practical Guidance** as your everyday resource for essential online legal research. Your work is streamlined to get straight to the answers you need, faster and more easily with our workflow and design.

Practical Content

Pragmatic reference material that allows you to advise with confidence

LexisNexis Practical Guidance

Practical Guidance covers 13 modules across a range of practice areas, which contain practically based information and resources from over 170 respected authors. The wide range of modules provides access to a broad collection of guidance notes, overviews, checklists, precedents, forms, cases, legislation and commentary.

Meet your varied needs with our portfolio of Practical Guidance modules .

Access fast, easy and trusted online practical content for the resources you need day-to-day, all in the one place. Rely on our expert authorship and timely updates for a streamlined approach to a matter, at exceptional value. It's smart guidance for the real lawyer.

“What's great about Practical Guidance is that I know its content is relevant to me and written by lawyers who I can trust. Having ready access to a reliable source that provides me with the practical steps to take for an entire matter, means that I am not wasting my time with unnecessary research and can get more out of my day. LexisNexis Practical Guidance works for me!”

Marita Pangallo, Senior Associate, Tri-meridian Corporate & Commercial Law

Drafting

Reduce the amount of time producing and checking documents

Lexis® for Microsoft Office

Lexis for Microsoft Office is an innovative drafting aide which seamlessly integrates authoritative LexisNexis legal research content and a range of validation and checking tools with Microsoft® Office applications so you can construct and share legal documents with increased efficiency.

Reduce risk and increase efficiencies by checking the validity and currency of cases and legislation referenced in documents either created by you, received from internal stakeholders, external law firms or other third parties.

Research

Deep research content when you need it
